TERMS

This list cancels all previous offers and is subject to change without notice.

DISCLAIMER: Herbst Brothers Seedsmen, Inc., warrants to the extent of the purchase price that seeds or bulbs are as described on the container, within recognized tolerances. Seller gives no other or further warranty, express or implied.

PRICES are in U. S. A. dollars, ex. warehouse, New York for net weights. Packing is charged at cost and is not returnable. All shipments travel at customer's risk after delivery to carriers. **We cannot accept** orders for less than the smallest quantity quoted. **Prices are calculated for professional growers and minimum orders of \$10.00.**

PAYMENT net cash upon receipt of invoice. **New Customers** ordering \$25.00 or more may secure deliveries on open account after establishing credit. Others please remit for value of their purchases **plus packing, insurance and parcel post charges.**

COMPLAINTS on outward appearance and on the weight of the seed must be lodged within a week; those on the germination within a month; those on the trueness of the strain within 6 months; all to count from the day of arrival at the destination.

PRO RATA DELIVERIES will be made in case of crop failures or shortages.

FOREIGN ORDERS receive careful attention. Terms net cash against shipping documents in New York. Cost of documentation, consular forms, and legalization must be paid by buyer. Phyto-sanitary certificates minimum charge \$2.50.

CLEAN SEED or seed free of pulp of the best possible purity and germination is offered throughout our catalog. Exceptions are designated as follows:

(DB) Dried Berries (DH) Hips (P) Pods

NOMENCLATURE for Tree and Shrub Seeds is "Standardized Plant Names" second edition of the American Joint Committee on Horticultural Nomenclature. Copies available at \$10.50 postpaid in U. S. A. and Canada.

ORIGIN of all seeds offered is available on request. Our aim is to carry seed from the best known sources. No attempt is therefore made to include proveniens in this list.

IMPORTANT

CHRISTMAS TREE GROWING is attracting many newcomers to the nursery field. For their convenience we have prepared below a list of common names and the botanica' equivalent under which they can be found in this catalog.

Seedlings are often available at prices lower than you can grow them. Still more and more Christmas Tree Growers are producing their own. Purchased seedlings are frequently far ahead or far behind the season at their planting site. Had they been grown near the site, their development would have been parallel. Also they would be lifted and planted simultaneously. These and numerous other factors make for better field survival and stronger plants from home-grown seedlings.

So many letters ask us what should be grown and how. Such questions cannot be answered in a letter. We now list two books which everyone considering seedling production should read:

"Seeding & Planting in the Practice of Forestry" by Toumey & Korstian is a forestry school text book—\$8.00

"How to Grow & Sell Christmas Trees" by Lawrence is a newcomer—\$3.00

If these books are not available in your library, we shall be glad to secure them for you as quoted. Prices stated are postpaid in the U.S.A. only.

Common Name	Botanical
Apple	MALUS
Arborvitae	THUJA
Ash	FRAXINUS
Barberry	BERBERIS
Birch	BETULA
Butternut/Walnuts	JUGLANS
Cedar	CEDRUS (also JUNIPERUS)
Cherry	PRUNUS
Cypress	CUPRESSUS
Dogwood	CORNUS
Douglasfir	PSEUDOTSUGA

THE DYBVIG SEED CLEANER

EXPENSIVE? . . . yes, but most of our customers maintain that the labor saved more than offsets the cost during the first year of operation.

\$275.00—F.O.B.

Colton, So. Dakota

- ☆ *All Metal Construction*
- ☆ *Weight: 70 Pounds*
- ☆ *Height: 34 Inches*
- ☆ *Hopper Capacity: 1 Bushel*
- ☆ *Adjustable for Various Seeds*
- ☆ *Painted Finish*
- ☆ *All Gears Run in Oil*

The Dybvig Seed Cleaner will remove the pits from up to 20 bushels of plums per hour. It has proved its worth in cleaning Cotoneaster, Buckthorn, Russian Olive, Red Cedar, Multiflora Rose, Apple, Viburnum, Wahoo, Bittersweet, Mountain Ash and all Plum and Cherry.

*Important: The Dybvig Cleaner Will
Not Crack Seeds!*

Flower Seeds

HOME SEED STORAGE

With many Perennial flower seeds on the short side, a few words on seed storage may be welcomed.

The 1958 seed crop is now available for delivery. Your order, for almost all items, will be filled from the same lot whether you order now or this summer.

By ordering now you assure your needs. We can hold for you for later delivery. PREFERABLE is that you take delivery now and place the seed in Mason or similar jars. Seal them with wax and keep in refrigerator till your beds are ready to sow. Do not remove from refrigerator before, then plant and soak down without delay.

Handled in this way helps break dormancy, preserves vitality and makes seed available for sowing when wanted. Results are generally better. According to our reading of Boyce Thompson research, this is the ideal way of handling.

Avoid plastics unless certain they are moisture proof. Do not confuse water proof with moisture proof.

Deep freezing needs more research. For most needs an ordinary home refrigerator suffices. 38° Fahrenheit is most generally recommended temperature.

TREE AND SHRUB SEEDS CAN BE HANDLED IN THE SAME WAY

WANT TO SAVE MONEY?**Try our F-1 PETUNIAS**

You, too, will become a regular customer. Each year ends with more customers and larger orders.

If you want samples of our F-1 PETUNIAS for trial, request them. We like to demonstrate that our strains are heat resistant, suffer less from diseases. Colors are clean and sharp, flower size good, and above all uniform plant habit.

Vegetable Seeds

Last Spring more gardens were planted than the year before. There is every reason to believe that this trend will continue and that there will be a larger demand for plants from home gardeners than ever before.

The National Garden Bureau is planning to spend a considerable sum to promote gardening.

The demand for Vegetable Plants will continue.

We recommend that you have at least three good Tomatoes—two scarlet such as Rutgers and Marglobe, and one Pink Ponderosa or Beefsteak.

If you have critical customers, by all means use our F-1 Hybrid seed. It is really worthwhile. The quality of the fruit's earliness and production are noticeably superior to the product of open-pollinated seed.

**CONSIDER
POT GROWN HERBS
FOR INDOOR CULTURE
YEAR ROUND SALES
SEE PAGE 44**

Specially selected for plant growers. Germinations exceed State and Federal Standards.
